Inspector: Alphonse Iannuzzi, Jr. ¹¹⁵⁵ Date: 10/15/82

Location: Scientific Chemical Processing Co.

St: 216 Paterson Plank Rd. Property owner:

Town: Carlstadt

County: Bergen

Lot: 1 and 5

Block: 124

Origin of Complaint: SCP weekly monitoring. Follow up of 10/8/82 inspection

Complaint:

Findings:

0800 hours - arrived on site. Pat Parretti of Pat Parretti Freight (trucking co. operating on site) was contacted.

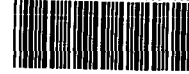

Conditions on site remain the same, i.e., leaking tanks, drums, and tank trailers. All leaks and spills are noted on attached diagram.

Mr. Parretti stated that he does not know who removed the two SCP box trailers (NJ TF-411U) and #VV-57) noted missing during the last DWM investigation. He does not think that these trailers were stolen, but that SCP removed them. He does not have a phone # for Mac Barnes of SCP. He stated that Barnes stops in at SCP about once per month. He also stated that he did not know what the grey solid was noted on box trailer #VV-57 in previous DEP inspections.

0850 hours - left facility
